**NOTE:**

For cytotoxic drugs under partial coverage for which NHIS had been able to enter MOU with Pharmaceutical Companies, NHIS will cover the drugs on a shared ratio of 60:30:10 (Pharmaceutical Company: NHIS: enrollee). For cytotoxic drugs where NHIS is unable to enter into cost sharing arrangements with Pharmaceutical Companies, NHIS will be able to offset only 30% of the cost of the drugs. In spite of the aforementioned ratios, NHIS contribution will not exceed N1 million per patient.
